The Staff

The role of each teacher at YSBCDC is to work as a team member helping students develop key life skills in a safe and healthy environment. Teachers are responsible for providing the type of guidance and atmosphere needed for successful learning of the program,

themes and goals. CDC teachers are dedicated to providing an environment that is warm and nurturing to meet the individual needs of each child. They are positive role models that provide a purposeful program for the students, who in turn, help your child develop to his or her full capacity. CDC teachers are trained to advance the intellectual and physical competence of each child while supporting his/her social and emotional development.

Credentials

YSBCDC is licensed by DCFS and the National Council of Accreditation for Children and Family Services to provide care for children 15 months through 6 years old.

CDC is a QRS rated child care facility. Participation in QRS is voluntary. CDC is the only childcare agency in the area that has gone the extra mile to make sure your child is receiving an enhanced learning and care experience. The Quality Counts Quality Rating System (QRS) assists Illinois child care programs in providing quality care for children and their families. Quality care can help children succeed in school and in life. A **QRS Award** recognizes a provider for meeting specific indicators of quality. It is an accomplishment that is shared with families and the community.
